Energy Star Rating	C	4	3.5
Dehumidification	l/h	1.8	2.1
Heating Capacity	kW	3.23	3.95
Power Input	W	1100	1378
COP	W/W	2.93	2.87
Energy Star Rating	H	3.5	3
Air flow*	l/s	200	251
Dimensions (H x L x D)	mm	428x659x730	428x659x730
Weight	kg	59	60
Power Supply	V-ph-Hz	220-1-50	220-1-50

*High speed

AIR QUALITY

Air Ionisers work by diffusing negative ions which magnetically attract pollutants and make it easier for the powerful Xpression filtration system to filter them.

Air Ionisers have the added benefit of alleviating fatigue and an increased sense of calmness and improved energy levels.

Carrier Xpression Room Air Conditioners have advanced air cleaning systems. Consisting of four types of filter, the air purification system cleanses the air of dust and other air borne particles including harmful viruses. It removes traces of odours and traps potentially harmful chemical emissions from ordinary household materials such as carpets and building materials.

WARRANTY

All Carrier Xpression Room Air Conditioners come with a comprehensive 5-year warranty on parts and labour, backed by Carrier and our nationwide Carrier Dealer network.
